This Notice of Privacy Practices describes how we may use and disclose your protected health information (PHI) to carry out treatment, payment or health care operations (TPO) and for other purposes that are permitted or required by law. It also describes your rights to access and control your protected health information. “Protected health information” is information about you, including demographic information, that may identify you and that relates to your past, present or future physical or mental health or condition and related health care services.

1. Uses and Disclosures of Protected Health Information

Uses and Disclosures of Protected Health Information.

Your protected health information may be used and disclosed by your physician, our office staff and others outside of our office that are involved in your care and treatment for the purpose of providing health care services to you to pay your health care bills, to support the operation of the physician’s practice, and any other use required by law.

Treatment: We will use and disclose your protected health information to provide, coordinate, or manage your health care and any related services. This includes the coordination or management of your health care with a third party. For example, we would disclose your protected health information, as necessary, to a home health agency that provides care to you. For example, your protected health information may be provided to a physician to whom you have been referred to ensure that the physician has the necessary information to diagnose or treat you.

Payment: Your protected health information will be used, as needed, to obtain payment for your health care services. This may include certain activities that your health insurance plan may undertake before it approves or pays for the health care services we recommend for you such as; making a determination of eligibility or coverage for insurance benefits, reviewing services provided to you for medical necessity and undertaking utilization review activities. For example, obtaining approval for a hospital stay may require that our relevant protected health information be disclosed to the health plan to obtain approval for the hospital admission.

Healthcare Operations: We may use or disclose, as needed, your protected health information in order to support the business activities of your physician’s practice. These activities include, but are not limited to, quality assessment activities, employee review activities, training of medical students, licensing, and conducting or arranging for other business activities. For example, we may disclose your protected health information to medical school students that see patients at our office. In addition, we may use a sign-in sheet at the registration desk where you will be asked to sign your name and indicate your physician. We may also call you by name in the waiting room when your physician is ready to see you. We may use or disclose your protected health information, as necessary, to contact you to remind you of your appointment.

We may use or disclose your protected health information in the following situation without your authorization. These situations include: as Required By Law, Public Health issues as required by law, Communicable Diseases: Health Oversight: Abuse or Neglects: Food and Drug Administration requirement: Legal Proceedings: Law Enforcement: Coroners, Funeral Directors, and Organ Donation: research: Criminal Activity: Military Activity and National Security: Workers’ Compensation: Inmates: Required Uses and Disclosures: Under the law, we must make disclosures to you and when required by the Secretary of the Department of Health and Human Services to investigate or determine our compliance with the requirement of Sections 164.500.

We will share your protected health information with third party “business associates” that perform various activities (e.g., billing) for the clinic. Whenever an arrangement between our office and a business associate involves the use or disclosure of your protected health information, we will have a written contract that contains terms that will protect the privacy of your protected health information.

We may use or disclose your protected health information as necessary to provide you with information about treatment alternatives or other health-related benefits and services that may be of interest to you. We may also use and disclose your protected health information for other marketing activities. For example, your name and address may be used to send you information about products or services that we believe may be beneficial to you. You may contact our Privacy Contact to request that these materials not be sent to you. **Other Permitted and Required Uses and Disclosures Will Be Made Only With Your Consent, Authorization Or Opportunity To Object Unless Required By Law**

You may revoke this authorization, at any time, in writing, except to the extent that your physician or the physician’s practice has taken an action in reliance on the use or disclosure indicated in the authorization.

Your Rights

The following is a statement of your rights with respect to your protected health information.

You have the right to inspect and copy your protected health information. This means you may inspect and obtain a copy of protected health information about you that is contained in a designated record set for as long as we maintain the protected health information. A “designated record set” contains medical and billing records and any other records that your physician and the practice uses for making decisions about you. Under federal law, however, you may not inspect or copy the following records; psychotherapy notes; information compiled in reasonable anticipation of, or use in, a civil, criminal, or administrative action or proceeding, and protected health information that is subject to law that prohibits access to protected health information.

You have the right to request a restriction on your protected health information. This means you may ask us not to use or disclose any part of your protected health information for the purposes of treatment, payment or healthcare operations. You may also request that any part of your protected health information not be disclosed to family members or friends who may be involved in your care or for notification purposes as described in the Notice of Privacy Practices. Your request must state the specific restriction requested and to whom you want the restriction to apply.

Your physician is not required to agree to a restriction that you may request. If the physician believes it is in your best interest to permit use and disclosure of your protected health information, your protected health information will not be restricted. You then have the right to use another Healthcare Professional.

You have the right to request to receive confidential communications from us by alternative means or at an alternative location. We will accommodate reasonable requests. We may also condition the accommodation by asking you for information as to how payment will be handled or specification of an alternative address or other method of contact. We will not request an explanation for you as to the basis for the request. Please make this request in writing to our Privacy Contact.

You have the right receive an accounting of certain disclosures we have made, if any, of your protected health information. This right applies to disclosures for purposes other than treatment, payment or healthcare operations as described in the Notice of Privacy Practices.

We are required to abide by the terms of this Notice of Privacy Practices. We may change the terms of our notice at any time. The new notice will be effective for all protected health information that we maintain at this time. Upon you request, we will provide you with any revised Notice of Privacy Practices by calling the office and requesting that a revised copy be sent to you in the mail or asking for one at the time of your next appointment.

Complaints

You may complain to us or to the Office of Civil Rights if you believe your privacy right have been violated by us. You may file a complaint with us by notifying our privacy contact of your complaint. We will not retaliate against you for filing a complaint. You may obtain the address of the OCR Regional Manager, from our privacy officer.

This notice was published and becomes effective on/or before **08/05/2015**.

We are required by law to maintain the privacy of, and provide individuals with this notice of our legal duties and privacy practices with respect to protected health information. If you have any objections to the form, please ask to speak with our HIPAA Compliance Officer in person or by phone.

Signature below is only acknowledgement that you have received this Notice of our Privacy Practices:

Northwestern Specialists in Plastic Surgery

Dr. Neil Fine & Dr. Clark Schierle

Dedicated to the highest level of personalized and compassionate care.

I understand that I am option for an elective treatment/procedure/surgery that is not urgent and may not be medically necessary.

I also understand that the novel coronavirus, COVID-19, has been declared a worldwide pandemic by the World Health Organization. I further understand that COVID-19 is extremely contagious and is believed to spread by person-to-person contact; and, as a result, federal and state health agencies recommend social distancing. I recognize that the treating providers at Northwestern Specialists in Plastic Surgery and the Med Spa and all of the staff are closely monitoring this situation and have put in place reasonable preventative measures aimed to reduce the spread of COVID-19. However, given the nature of this virus, I understand there is an inherent risk of becoming infected with COVID-19 by virtue of proceeding with this elective treatment/procedure/surgery. I hereby acknowledge and assume the risk of becoming infected with COVID-19 through this elective treatment/procedure/surgery, and I give my permission for the treating providers and staff of NSPS and the Med Spa to proceed with the same.

I understand that, even if I have been tested for COVID and received a negative test result, the tests in some cases may fail to detect the virus or I may have contracted COVID after the test. I understand that, if I have COVID-19 infection, and even if I do not have any symptoms for the same, proceeding with this elective treatment/procedure/surgery can lead to a higher chance of complication and death.

I understand that possible exposure to COVID-19 before/during/after my treatment/procedure/surgery may result in the following: a positive COVID-19 diagnosis, extended quarantine/self-isolation, additional tests, hospitalization that may require medical therapy, Intensive Care treatment, possible need for intubation/ventilator support, short-term or long-term intubation, other potential complications, and the risk of death. In addition, after my elective treatment/procedure/surgery, I may need additional care that may require me to go to an emergency room or a hospital.

I understand that COVID-19 may cause additional risks, some or many of which may not currently be known at this time, in addition to the risks described herein, as well as those risks for the treatment/procedure/surgery itself.

I have been given the option to defer my treatment/procedure/surgery to a later date. However, I understand all the potential risks, including but not limited to the potential short-term and long-term complications related to COVID-19, and I would like to proceed with my desired treatment/procedure/surgery.

I understand the explanation and have no more questions and consent to the procedure.
